BOUTIQUE ART CLASSES

@ STUDIO 124
124 Wellington Street
Mosman Park 6012

With a fresh organic approach to art - our classes have been designed to encompass all - from the brave beginners to the artistic advanced. Our focus is to provide a beautiful space for us to create whilst learning about brushstroke, painting technique and colour within the company of beautiful new friends.

I would like to offer you a unique opportunity to create a professional work of art for you to be proud of and enjoy.

Art is about JOY, playfulness, confidence and inner-discipline. I will be right by your side guiding you along the way. Each of us will learn and develop at our own perfect pace. This is the beginning of YOUR creative journey, together, we can achieve it all.

Step One: give yourself permission. Permission to take some much needed time out for yourself. Permission to create. Permission to be brave and try something new.

Step Two: create a folder/dream board of photos that you love, tear out pictures from magazines, collect images you are drawn to. Give some thought as to what colour palette you love. Possible canvas size and where it might hang? Please contact me anytime to ask for guidance or advice along the way cher@cherartist.com or sms me on 0424 741 404.

Our art classes run during the school term Monday to Friday from 10-12pm. Tuesdays & Thursdays 1-3pm. All materials (paints, easels, brushes, aprons) are provided. Your canvas can be ordered directly from Claremont Art Framers 0411 220 018 or you could purchase one from your local art store.

Once you begin, your canvas will be stored after each class to dry, ready for your return each week.

Cost \$140 (incl GST) per two hour lesson. Only five students per class, with the commitment of one class per week. Should you need to reschedule or make up a class during the term, this can always be arranged, preferably with as much prior notice as possible in order for us to diarise and let other students know, so they too can shuffle accordingly.

Let us begin!

CHER BIOGRAPHY

Passionate from the beginning about expressing life through art, dance, poetry and friendship. Cher formally studied art for three years at The PJ Olivier School of Arts, under the guidance of Vernon Swart in Stellenbosch South Africa.

After her first - sell out - exhibition in Hong Kong 1993, Cher went on to study Journalism at Rhodes University and then Interior Design at The White House School of Design.

Travelling widely in Europe and United States during the 2001/2, much of their time was spent in the Cape, where they settled from 2002 - 2007, there Cher worked with a body of Eastern Cape Artists of extraordinary talent.

In 2007 Cher and her family moved to Perth, Australia, teaching at NCWA as well as opening her own Studio, sharing her love of art.

Whilst continuing a solo art career, Cher continues to encourage students /upcoming artists to paint largely with a palette knife, in successive layers, intensifying textures and enjoying the pulsating effect of the paint on canvas. Influenced by the Art of Photography, Cher is able to capture the play of light and shadow – able to maintain subtlety and intimacy of the moment in each canvas.

Cher has been nominated Artist of the Year, plus featured in television art shows. She has caught the attention of the global art scene and secured invitations to exhibit in solo shows in London, Africa, United States and Australia.

Cher taught at the Neurological Council for Western Australia (NCWA) for over two years and has currently been invited to represent one of our leading fashion design houses internationally.

“Art is my passion - I rejoice in being alive, and painting is my way of expressing my love of life.”
